THE GLOBAL STANDARD FOR WATER DRAINAGE SYSTEMS

A trusted brand known for its durability and resistance to the elements, Geberit HDPE (High-Density Polyethylene) is the perfect drainage system for any building application. Even with welded joints, its fast and easy welding system of Geberit HDPE exhibits unmatched strength under any type of pressure, making it the ideal investment for sewer and drainage requirements.

FEATURES & BENEFITS

- *The preferred alternative to cast iron*
- *With the technology of Geberit Pluvia, it is a more efficient siphonic drainage system*
- *Geberit HDPE is non corrosive for longer service life with minimal maintenance*
- *Versatile and flexible for quicker installation and allowance for modifications.*
